### ***2011-2012 Elite Competition Dance Team Auditions***

Dear Parents,

As you are probably aware we offer world winning Elite Competition Dance Team classes. Throughout our eleven-year history the groups have received numerous awards for dance, choreography, special effects, prop and overall entertainment awards including regional, national and world levels. They say imitation is the highest form of flattery. Each year we see our unique dances and prop ideas imitated by other studios. Our teams have won crystal awards and high score bids to national level competitions throughout our history. This year our season will include a national dance competition out of state.

This year we are doing things a little different. We are only inviting students to audition for the competition team.

It is my pleasure to inform you that your child has been invited by "invitation only" to audition for the national and international "STARRZ" Performing Arts Centre Elite Competition Dance Team. Throughout the year your child exhibited leadership, extraordinary talent, dedication and an indescribable love for performing arts. This natural talent is exactly what we look for in our competition team members.

All students who audition may not make a team or the team they want to be on, however, if they continue in their recreational dance training at STARRZ PAC they will perfect their talent which will possibly allow them to make the team the following season. We are uncertain how many teams we will take but we do know that you must be at least age four to audition for the team.

We will travel to 4 or 5 regional competitions next year and a national competition. These are mandatory! We could even possibly qualify to compete in an International competition overseas. In addition to the regular dance package tuition the cost is only \$40 more per month. Costume fees are an additional \$250. We will have fundraisers to help raise money for competition entry fees and prop fees. Dance Competition practice is one more day per week and selected weekends for students who do not audition for extra dances. Each team will have 3 dances that they all will participate in. Anything beyond that will be considered extra. Please beware that becoming a member of the STARRZ PAC Competition team means there will be competition fees for each competition attended, choreography fee, extra practices fees, jacket, bag and jewelry fees.

This program is designed for children and parents to participate in a fun, rewarding and

healthy competitive dance experience.

Give this invitation some serious thought about moving up to the next level of dancing excellence. We would love to have you join the stars of “STARRZ” PAC Elite Competition Dance Team. Sign Up Today to Auditions. Auditions will be held August, Tuesday, August 2, 2011 at 5:00pm. Each student will wear a number, learn a short combo and audition just as you would audition in a New York Audition. Results will be posted that night on our website at [www.starrzpac.com](http://www.starrzpac.com). Also register for our “Burning Up The Dance Floor” Camp and other fun Summer workshops that are mandatory for competition students!

Dancingly,

Starr Gaither-Kendrick
